Headteacher Message

Dear Families,

We were delighted to welcome so many families to our school for the first of our EYFS 2027 Open Mornings. It was also lovely to have House Captains support our tours and represent the school so well. Thank you to Mrs Baggus for arranging Anti-Bullying workshops from the 'The Stay Safe Initiative'. The workshops discussed important information with interactive sessions.

It was also great to see so many children supporting Mental Health by wearing yellow with their uniform. Looking forward to seeing you all at Parents' Evening next week.

Best wishes,
Mrs Miles

Tuesday 20th – Parents evening 3.30-7.00pm

Wednesday 21st - Parents' Evening - 3.30 -5.00pm

Friday 23rd – FOTS Halloween Cake Sale from 3pm

Classroom Highlights

& Learning Updates

House Day

On Thursday we had the first House Day of the school year.

Children took part in activities throughout the day that support our Cirencester C's through problem solving, drama, art and construction.

In addition Mr Poulton has written a school song which we all learnt and performed.

A lovely day and thank you to all staff and Mrs Baggus for coordinating. It gave children the opportunity to work with others from across the school and all demonstrating our values of being 'positive, respectful and caring.'

Maths at Home – Talking about numbers together
A free webinar for parents, carers and teachers of children aged 5-13

Dear parents and carers,

We are delighted to share a fantastic opportunity for parents and carers to join a FREE online webinar on Tuesday 3rd November at 7pm, hosted by National Numeracy in partnership with NRICH.

This relaxed and friendly session, led by Liz and Charlie from NRICH, will explore simple, enjoyable ways to support your child's confidence with numbers and maths through everyday conversations, play and family activities.

You do not need any maths knowledge or expertise to join this webinar. Whether you enjoy maths, feel a little out of practice, or would rather avoid it altogether, this webinar is for you. There is no pressure and no maths test, just the chance to sit down with a cuppa, listen, and pick up some practical ideas that can make a real difference.

You'll discover:

Easy ways to spot maths in everyday life

Fun activities that encourage curiosity and confidence

Simple conversation starters to help children think positively about maths

Tips for supporting your child, regardless of your own experience with maths

Developing a positive attitude towards numbers can have a lasting impact on children's learning, and every parent or carer can play a part.

To register, please click here <https://nn.typeform.com/to/g9rxl7CT?typeform-source=www.google.com>.

A joining link will be sent to you closer to the event, so all you need to do is sign up and add it to your calendar.

We hope you'll join us.

Best wishes,

TRICK OR TREAT SAFETY TIPS

1) Stay with your friends or family, walk - don't run & always tell an adult where you are going.

2) Never eat or drink anything that is unwrapped, opened or homemade, unless a trusted adult has checked it first.

3) Carry a torch & wear something bright or reflective so drivers and other people can see you.

4) Wait until you get home before eating any sweets or treats. Always ask an adult to check them first.

5) Stick to well-lit streets, use the pavement & take extra care when crossing roads. Stop, look & listen before crossing.
